Pret A Manger Limited
Strategic Report

For the 52 week period ended 1 January 2026

The Directors present their Strategic Report of Pret A Manger Limited (the "Company" or "Pret") for the 52 week period ended 1 January 2026 (53 week comparative period end date 2 January 2025)

Business review and principal activity

The principal activity of the Company is that of an investment holding company At the statement of financial position date the Company holds a direct investment in Pret A Manger (Europe) Limited, which directly and indirectly holds investments in all trading subsidiaries of Pret The Company is party to the Group's Senior Facility Agreement which provides financing for the rest of the Pret Group The Company forms part of the group headed by Pret Parent Holding Limited ("the PPH Group")

Financial performance and position

The Company's Statement of Comprehensive Income for the 52 week period ending 1 January 2026 is set out on page 7

The Company's statutory operating loss for the period was £71,000 (2024 operating loss of £68,000)

As per the Statement of Financial Position, net assets as at 1 January 2026 were £759,221,000 (2024 £827,607,000)

Key performance indicators

As an investment holding company, the Board do not consider that there are any Key Performance Indicators ("KPIs") for the Company which require monitoring on a regular basis, and instead the position of the Company is considered in the wider context of the Group as a whole The Group CFO provides regular updates on progress against the key performance indicators to the Global Leadership Team ('GLT"), whose members include the Company Directors The Group's performance against these key performance indicators is discussed in the Strategic Report of the Pret Parent Holding Limited Annual Report and Consolidated Financial Statements, which do not form part of this Report

Future developments

The Company is anticipated to continue to operate as an investment holding company

Principal risks and uncertainties

The principal risks for the Company relate to the ability of its trading subsidiaries to continue to trade and provide cash flow to the Company to enable it to make intercompany payments and repayment of borrowings The Group's Board of Directors is responsible for identifying significant risks to the Company and for ensuring that appropriate internal controls and risk management structures are in place These risks are monitored through the risk register, which sets out the Group's assessment of risks facing the business and its response to those risks, with the day-to-day management of these risks and implementing of relevant processes and controls delegated to operational management

The most significant risks facing the Group are food safety management, cybersecurity, supply chain failures and capital structures & liquidity Further discussion of these risks and uncertainties, together with the controls and mitigating factors, in the context of the Group as a whole, is provided in the Strategic Report of the Pret Parent Holding Limited Annual Report and Consolidated Financial Statements, which do not form part of this Report

n Envelope ID EE659C5A-3C02-8CD4-80EE-136193247923

Section 172 statement

Given the principal activity of the Company is that of an investment holding company, the Group's Board of Directors is responsible for how the Company engages and considers its stakeholders Details of how the Group's Global Leadership Team ('GLT"), whose members include the Company Directors, keep the interests of stakeholders at the forefront of decision-making in accordance with Section 172 duties, is provided in the Strategic Report of the Pret Parent Holding Limited Annual Report and Consolidated Financial Statements, which do not form part of this Report

Pret A Manger Limited
Directors' Report
For the 52 week period ended 1 January 2026

The Directors present their Directors' Report and the financial statements for the 52 week period ended 1 January 2026

As permitted by legislation, some of the matters normally included in the Directors' Report have instead been included in the Strategic Report Information on future business developments and the Section 172 Statement are included in the Strategic Report

Financial instruments risk management objectives and policies

The Company is part of the Pret Parent Holding Limited ("PPH") Group This Company, together with PPH and its other subsidiaries, has borrowings that are in fixed and floating interest loans

Discussion of the Company's financial instruments risk management objectives and policies, in the context of the Group as a whole, is provided in note 27 of the Pret Parent Holding Limited Annual Report and Consolidated Financial Statements, which do not form part of this Report

Dividends

During the period the Company declared and distributed an interim dividend of £19,200,000 to Pret Holding 2 Limited (2024 £1,500,000)

Directors

The Directors who served during the period and up until the date of signing this report were as follows

- Pano Christou
- Gustavo Peixoto

Pret Intermediate Company Limited, an intermediate parent company, has procured qualifying third party indemnity insurance for all Directors and Officers of the Company and all Group companies There are no outstanding claims or provisions as at the balance sheet date The indemnity was in force during the financial year and also at the date of approval of the financial statements

Going concern

The financial statements have been prepared on a going concern basis which the Directors consider to be appropriate for the following reasons

The principal activity of the Company is that of an investment holding company for the group headed by Pret Parent Holding Limited, an intermediate parent company The Company's cash flows are therefore dependent on the continuation, volume, and pricing of those operations

The Company meets its day to day working capital requirements from intercompany loans and trading balances with the group headed by Pret Parent Holding Limited

The Directors have performed a going concern assessment which indicates that, in both the base and reasonably possible downsides, the Company will require additional funds, through funding from its parent company, Pret Parent Holding Limited to meet its liabilities as they fall due during the twelve months from the date of signing these financial statements, the going concern assessment period

Pret Parent Holding Limited has indicated its intention to continue to make available such funds as are needed by the Company, and that it does not intend to seek repayment of the amounts currently due to the Group, during the going concern assessment period As with any company placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue although, at the date of approval of these financial statements, they have no reason to believe that it will not do so

cusign Envelope ID EE659C5A-3C02-8CD4-80EE-136193247923

Subsequent events

The Company has evaluated subsequent events up to 2 June 2026, the date that the financial statements were authorised to be issued

Refer to note 19 for further subsequent event disclosure

Streamlined Energy and Carbon Reporting

As the principal activity of the Company is to act as a holding and financing company for subsidiaries within the Group, the Company has had no commercial business Therefore the Company is a low energy user (under 40,000 kWh) and is exempt from Streamlined Energy and Carbon Reporting ("SECR") disclosures

Tax

Pret's objective is to be a responsible taxpayer and operate within both the letter and spirit of tax legislation Accordingly, Pret does not use "tax havens" to reduce the Group's tax liability nor does Pret use marketed or aggressive tax avoidance schemes Pret utilises the framework of reliefs that are available, such as allowances on capital expenditure, to determine its tax liabilities

Ultimate responsibility for Pret's tax strategy remains with the Board of Directors of Pret Parent Holding Limited The Chief Financial Officer of the Group, Gustavo Peixoto, is the Group's Senior Accounting Officer responsible for tax compliance with HM Revenue & Customs

Pret publishes an annual tax strategy on its website in accordance with section 161 and schedule 19 of the UK Finance Act 2016

Pret A Manger Limited
Statement of Directors' Responsibilities in respect of the Annual Report and the Financial Statements

For the 52 week period ended 1 January 2026

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations

Company law requires the Directors to prepare financial statements for each financial year Under that law they have elected to prepare the financial statements in accordance with UK accounting standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 101 *Reduced Disclosure Framework*

Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss for that period In preparing these financial statements, the Directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- assess the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern, and
- use the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006 They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities

1. General information

These financial statements present information about Pret A Manger Limited (the ' Company") for the 52 week period ended 1 January 2026 ("2025" or "the period") and were authorised for issue by the Company's Board of Directors on 2 June 2026

The Company is a private company limited by shares, incorporated, domiciled and registered in England and Wales in the UK The Company's registered office and principal executive office are located at 75B Verde, 10 Bressenden Place, London, SW1E 5DH The Company's registered number is 11391321

The Company takes advantage of section 390 of the Companies Act 2006 and prepares financial statements to the nearest Thursday to the financial year end without changing its 30 December accounting reference date

The principal activity of the Company is that of an investment holding company The Company is party to the Group's Senior Facility Agreement which provides financing for the rest of the Pret Group

2. Basis of preparation

These financial statements were prepared in accordance with Financial Reporting Standard 101 *Reduced Disclosure Framework* (FRS 101") The Company is a qualifying entity because it is a subsidiary of Pret Parent Holding Limited ('PPH"), an intermediate parent company which prepares publicly available consolidated financial statements including the Company Copies of the PPH consolidated financial statements are available from PPH's registered office at 75B Verde, 10 Bressenden Place, London, SW1E 5DH

In preparing these financial statements, the Company has applied the recognition, measurement and disclosure requirements of UK-adopted IFRSs but makes amendments where necessary in order to comply with Companies Act 2006

The Company has applied the exemptions available under FRS 101 in respect of the following disclosures

- Cash Flow Statement and related notes,
- Disclosures in respect of transactions with wholly owned Group subsidiaries,
- Disclosures in respect of capital management,
- The effects of new but not yet effective IFRSs,
- Disclosures in respect of the compensation of Key Management Personnel

As the PPH consolidated financial statements include the equivalent disclosures, the Company has also taken the exemptions under FRS 101 available in respect of the following disclosures

- Certain disclosures required by IFRS 13 *Fair Value Measurement* and the disclosures required by IFRS 7 *Financial Instrument Disclosures*

All financial information has been presented in hundred thousands (£000), except where otherwise indicated

Measurement convention

The financial statements are prepared on the historical cost basis except that the following assets and liabilities are stated at their fair value certain financial assets and financial liabilities (including derivatives) measured at fair value

ıgn Envelope ID EE659C5A-3C02-8CD4-80EE-136193247923

Going concern

The financial statements have been prepared on a going concern basis which the Directors consider to be appropriate for the following reasons

The principal activity of the Company is that of an investment holding company for the group headed by Pret Parent Holding Limited, an intermediate parent company The Company's cash flows are therefore dependent on the continuation, volume, and pricing of those operations

The Company meets its day to day working capital requirements from intercompany loans and trading balances with the group headed by Pret Parent Holding Limited

The Directors have performed a going concern assessment which indicates that, in both the base and reasonably possible downsides, the Company will require additional funds, through funding from its parent company, Pret Parent Holding Limited to meet its liabilities as they fall due during the twelve months from the date of signing these financial statements, the going concern assessment period

Pret Parent Holding Limited has indicated its intention to continue to make available such funds as are needed by the Company, and that it does not intend to seek repayment of the amounts currently due to the Group, during the going concern assessment period As with any company placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue although, at the date of approval of these financial statements, they have no reason to believe that it will not do so

Consolidated financial statements

The Company is a parent company but has taken the exemption conferred by Section 400 of the Companies Act 2006 from the requirement to prepare consolidated financial statements, on the grounds that it

- is itself a subsidiary undertaking and its immediate parent undertaking is established under the law of the United Kingdom,
- is included in audited consolidated financial statements for a larger group drawn up to the same date, that are prepared in accordance with UK-adopted international accounting standards See further details of these consolidated financial statements and how they can be obtained at note 18

3. Summary of significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements

Judgements made by the Directors, in the application of these accounting policies that have significant effect on the financial statements and estimates with a significant risk of material adjustment in the next year are discussed in note 4

3.1. Foreign currencies

The Company financial statements are presented in Sterling, which is the Company's functional and presentation currency

Transactions in foreign currencies are translated to the functional currency at the foreign exchange rate ruling at the date of the transaction Monetary assets and liabilities denominated in foreign currencies are remeasured at the balance sheet date at the foreign exchange rate ruling at that date Non-monetary assets and liabilities denominated in foreign currencies, that are measured at historical cost, are initially recognised at the exchange rate at the date of the transaction and not remeasured subsequently

ısign Envelope ID EE659C5A-3C02-8CD4-80EE-136193247923

3 2. Expenses

Financing income and expenses

Financing expenses comprise interest payable and interest arising on the amortised cost approach of debt and the unwinding of the discount on provisions Financing income comprises interest receivable on funds invested

Interest receivable and interest payable is recognised in profit or loss as it accrues, using the effective interest method Foreign currency gains and losses are reported on a net basis as finance income or expense

3.3. Income taxes

Tax on the profit or loss for the period comprises current and deferred tax Tax is recognised in profit or loss except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity

Current tax is the expected tax payable or receivable on the taxable income or loss for the period, using tax rates enacted or substantively enacted at the statement of financial position date, and any adjustment to tax payable in respect of previous periods

Deferred tax is provided on temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes

The following temporary differences are not provided for

- the initial recognition of assets or liabilities that affect neither accounting nor taxable profit other than in a business combination, and
- differences relating to investments in subsidiaries to the extent that they will probably not reverse in the foreseeable future

The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the statement of financial position date

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised

The carrying amount of deferred tax assets is reviewed at each statement of financial position date and reduces to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered

Adoption of new standards, interpretations and amendments

The Organisation for Economic Co-operation and Development (OECD) Pillar Two Globe Rules introduce a global minimum corporate tax rate, initially at 15%, applicable to multinational enterprise (MNE) groups with global revenue over €750 million All participating OECD members are required to incorporate these rules into national legislation The UK substantially enacted legislation to apply the OECD Pillar Two Globe Rules on 20 June 2023, and these rules will apply to the Group from this accounting period Reviewing the rules, the Group's assessment is that there is unlikely to be a material impact on the amounts recognised in its consolidated financial statements

The Group has applied the temporary exception, introduced in May 2023, from the accounting requirements for deferred taxes in IAS 12, so that the Group neither recognises nor discloses information about deferred tax assets and liabilities related to Pillar Two income taxes

3.4. Investment in subsidiaries

Investments in subsidiaries are recorded at cost, which is the fair value of the consideration paid, and subsequently measured at cost less accumulated impairment losses

cusign Envelope ID EE659C5A-3C02-8CD4-80EE-136193247923

3.5. Impairment of non-financial assets

The carrying values of the Company's non-financial assets are reviewed for impairment if events indicate that the carrying value of the asset may not be recoverable If such an indicator exists and where the carrying values exceed the estimated recoverable amount, an impairment loss is recognised and the assets are written down to their recoverable amounts

An asset's recoverable amount is the greater of the fair value less costs to sell, and the value in use In assessing value in use, the estimated future cash flows are discounted to present value using a pre-tax discount rate that reflects the current market assessments of the time value of money and risks specific to the asset

Impairment losses, and any reversal of such losses, are recognised in profit or loss Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised

3.6. Financial instruments

Recognition and initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at fair value through profit or loss, transaction costs that are directly attributable to its acquisition or issue Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss A trade receivable without a significant financing component is initially measured at the transaction price

Financial assets

Classification

On initial recognition, financial assets are classified in the following measurement categories

- those to be measured at amortised cost, and
- those to be measured subsequently at fair value, either through profit or loss ("FVPL") or through OCI ("FVOCI")

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows A financial asset is measured at amortised cost if it meets both the following conditions

- it is held within a business model whose objective is to hold assets to collect contractual cash flows, and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Debt investments that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI For investments in equity instruments that are not held for trading, the Company may elect to make an irrevocable election at the time of initial recognition to account for the equity investment at FVOCI The Company has no financial assets measured at FVOCI

Financial assets that do not meet the criteria for measurement at amortised cost or FVOCI are measured at FVPL This includes all derivative financial assets

Financial assets are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing financial assets in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model

cusign Envelope ID EE659C5A-3C02-8CD4-80EE-136193247923

Subsequent measurement

- Financial assets at amortised cost These assets are subsequently measured at amortised cost using the effective interest rate method The amortised cost is reduced by impairment losses Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss Any gain or loss on derecognition is recognised in profit or loss
- FVPL These assets are subsequently measured at fair value Net gains and losses are recognised in profit or loss

Impairment

Subsequently to initial recognition, the Company recognises loss allowances for expected credit losses ("ECLs") on financial assets measured at amortised cost

The Company measures loss allowances at an amount equal to lifetime ECL, except for other debt securities and bank balances for which credit risk (i e the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition, which are measured as 12-month ECL

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECL, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than 30 days past due

The Company considers a financial asset to be in default when

- the borrower is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held), or
- the financial asset is more than 180 days past due

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument 12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months) The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk

ECLs are a probability-weighted estimate of credit losses Credit losses are measured as the present value of all cash shortfalls (i e the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Company expects to receive) ECLs are discounted at the effective interest rate of the financial asset

At each reporting date, the Company assesses whether financial assets carried at amortised cost are credit-impaired A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery

ocusign Envelope ID EE659C5A-3C02-8CD4-80EE-136193247923

Financial liabilities and equity

Financial instruments issued by the Company are treated as equity only to the extent that they meet the following two conditions

- they include no contractual obligations upon the Company to deliver cash or other financial assets or to exchange financial assets or financial liabilities with another party under conditions that are potentially unfavourable to the Company, and
- where the instrument will or may be settled in the Company's own equity instruments, it is either a non-derivative that includes no obligation to deliver a variable number of the Company's own equity instruments or is a derivative that will be settled by the Company's exchanging a fixed amount of cash or other financial assets for a fixed number of its own equity instruments

To the extent that this definition is not met, the proceeds of issue are classified as a financial liability Where the instrument so classified takes the legal form of the Company's own shares, the amounts presented in these financial statements for called up share capital and share premium account exclude amounts in relation to those shares

Financial liabilities are classified as measured at amortised cost or FVPL A financial liability is classified as at FVPL if it is classified as held-for-trading, it is a derivative, or it is designated as such on initial recognition Financial liabilities at FVPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss Other financial liabilities are subsequently measured at amortised cost using the effective interest method Interest expense and foreign exchange gains and losses are recognised in profit or loss

Derecognition

Financial assets

The Company derecognises a financial asset when

- the contractual rights to the cash flows from the financial asset expire, or
- it transfers the rights to receive the contractual cash flows in a transaction in which either
    - substantially all of the risks and rewards of ownership of the financial asset are transferred, or
    - the Company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset

In cases where the Company enters into transactions whereby it transfers assets recognised in its statement of financial position but retains either all or substantially all of the risks and rewards, the transferred assets are not derecognised

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire The Company also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss

Derivative financial instruments and hedging

The Company does not apply formal hedge accounting, therefore its derivative financial instruments measured at FVPL are not designated as hedging instruments under IFRS 9 *Financial Instruments* ("IFRS 9")

ocusign Envelope ID EE659C5A-3C02-8CD4-80EE-136193247923

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest

Non-derivative financial instruments

Cash and cash equivalents

Cash and cash equivalents comprise cash balances and call deposits Cash comprises cash at bank (both in hand and in transit and deposits repayable on demand) Cash in transit includes cash and credit card payments which have been processed and approved in the period but collected after the balance sheet date within 5 business days

The Company considers all highly liquid investments with an original maturity at the time of purchase of 3 months or less to be cash equivalents

Interest-bearing loans and borrowings

Interest-bearing loans and borrowings are recognised at amortised cost plus accumulated unpaid interest costs incurred, net of deferred financing costs

Intra-group financial instruments

Where the Company enters into financial guarantee contracts to guarantee the indebtedness of other companies within its group, the Company considers these to be insurance arrangements and accounts for them as such In this respect, the Company treats the guarantee contract as a contingent liability until such time as it becomes probable that the company will be required to make a payment under the guarantee

4. Accounting estimates and judgements

In preparing these Company financial statements, management has made judgements and estimates that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income and expenses Actual amounts and results may differ from these estimates

The estimates and underlying assumptions are reviewed on an ongoing basis Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods

4.1. Critical judgements in applying the Company's accounting policies

In the process of applying the Company's accounting policies, management have made the following judgements, which have the most significant effect on the amounts recognised in the financial statements

4 1 1 Tax

The Company has calculated an income tax provision, however, actual amounts of income tax expense only become final upon filing and acceptance of the tax return by the relevant authorities, which occurs subsequent to the issuance of the financial statements Additionally, estimation of income taxes has included evaluating the recoverability of deferred tax assets based on an assessment of the ability to use the underlying future tax deductions before they expire against future taxable income The assessment has been based upon existing tax laws and estimates of future taxable income To the extent estimates differ from the final tax return, earnings would be affected in a subsequent period

The Company is subject to corporate taxes in a number of jurisdictions and a degree of estimation and judgement is required in determining the appropriate tax provision for transactions where the tax treatment is uncertain In these circumstances, the Company recognises provisions for taxes based on information available where the anticipated liability is both probable and estimable

ocusign Envelope ID EE659C5A-3C02-8CD4-80EE-136193247923

4.2. Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial period, have been described below The accounting estimates, by definition, may change due to market changes or circumstances arising that are beyond the control of the Company Such changes are reflected in the assumptions when they occur

4 2 1 Non-financial assets impairment testing

The Company assess whether there are any indicators of impairment of investments in companies within the Group Investments in Group companies are tested for impairment when there are indicators that the carrying amounts may not be recoverable

This testing generally requires management to make multiple estimates to determine the recoverable amount of the investments, for example around individual market pressures and forces, expected future cash-inflows, terminal growth rates and discount rates

5. Directors and employees

The Company has no employees and therefore no staff costs for the period (2024 none)

The Directors of the Company are also Directors of Pret A Manger (Europe) Limited and fellow subsidiaries The Directors' remuneration is paid by Pret A Manger (Europe) Limited The Directors do not believe that it is practicable to apportion this amount between their services as Directors of the Company and their services as Directors of Pret A Manger (Europe) Limited and fellow subsidiary companies Accordingly, all the emoluments have been recorded in Pret A Manger (Europe) Limited and no details in respect of their emoluments have been included in these financial statements

6. Dividend income

A dividend of £3,200,000 (2024 £nil) was received from Pret A Manger (Europe) Limited during the period

7. Net finance costs

Company	52 week period ended 1 January 2026 £'000	53 week period ended 2 January 2025 £'000

Total loans and borrowings	**543,861**	**515,046**

Bank loans repayable are analysed as follows at the statement of financial position date

Company	1 January 2026 £'000	2 January 2025 £'000
Less than one year	—	—
Between one and five years	424,772	415,658
Bank loans (gross)	**424,772**	**415,658**
Capitalised financing fees	(4,502)	(5,386)
Bank loans (net)	**420,270**	**410,272**

On 4 October 2022 the Group signed a new Senior Facilities Agreement (the ' New Facilities") with a group of banks

The New Facilities available to the Group comprise two term loans (Term Loan A and Term Loan B) and a Revolving Credit Facility ("RCF") totalling £800 million The New Facilities are split between Pound Sterling and Euro components, in set ratios which are required to be maintained on borrowing or repayment The ratio for Term Loan A and Term Loan B differs to that for the RCF Term Loan A was due to mature in October 2025 (3 years) Term Loan B and the RCF is due to mature in October 2027 (5 years)

On entering the New Facilities, costs of £16 million were capitalised and were being amortised over the life of the facilities

In September 2024 the Group repaid £175 million of Term Loan A including the acceleration of amortisation payments due in September 2025 and September 2026, totalling £50 million Subsequently, on 4 October 2024, the Group agreed a 1 year extension to Term Loan A for the remaining balance of £225 million with a new maturity date of October 2026

Docusign Envelope ID EE659C5A-3C02-8CD4-80EE-136193247923

In October 2025 the Group extended the New Facilities totalling £625 million to a new maturity date of March 2029 On completion of the extension, costs of £4 7 million were capitalised and are being amortised over the life of the facilities The remaining capitalised fees on entering the New Facilities (£3 5 million) were released to profit or loss

Interest is paid on these borrowings at LIBOR + 1 75% - 3 25%, depending on the Group's leverage

Covenants

The New Facilities are subject to a Liquidity Financial Covenant followed by a Leverage Financial Covenant

To comply with the Liquidity Financial Covenant, on the last day of each month the Group must have available liquidity of at least £200 million This includes cash on hand as well as amounts not drawn down on the RCF and the shareholder standby facility (see note 30 of the Pret Parent Holding Limited financial statements) The Liquidity Financial Covenant period ends on 30 September 2025 after which the Leverage Financial Covenant applies

The Leverage Financial Covenant" requires that in respect of each relevant period, the Group's consolidated net leverage shall not exceed set ratios as defined in the October 2025 extension agreement Relevant periods occur quarterly commencing with the relevant period ending on 30 September 2025 For relevant periods until that ending 31 March 2027 the consolidated net leverage ratio shall not exceed 6 1

Consolidated net leverage is the ratio of total net debt to consolidated pro forma EBITDA for the last twelve months ending with the relevant period Pro forma EBITDA is required to be calculated on a pre-IFRS 16 basis, therefore IAS 17 *Leases*, as in effect prior to IFRS 16 is applied

The Group complied with the relevant covenants for all reporting periods up to and including 1 January 2026 and expects to comply with the covenants for the remaining term of the New Facilities, including those relevant periods within 12 months after the reporting date

Swaps

On completion of the New Facilities the Group entered into £300 million 5 year interest rate swaps maturing October 2027 The objective of this hedge is to offset the variability of future payments associated with interest rates Under the terms of the swap, the Group pays a fixed interest rate of 3 967% to 3 982% per annum to the swap counterparty plus the SONIA rate applicable margin The Group receives interest from the swap counterparty at a variable rate based on 3-month SONIA

On completion of the New Facilities the Group entered into €300 million EURO GBP 1 year Cross Currency swap maturing October 2023, this swap was rolled in October 2023 to mature October 2024 on the same terms as the swap entered into previously The objective of this hedge is to offset the variability of future payments associated with foreign exchange rate movements on Euro-denominated borrowings Under the terms of the swap, the Group pays a floating interest rate based on 3 month SONIA compounding plus 3 668% per annum to the swap counterparty The Group receives interest from the swap counterparty at a variable rate based on 3-month EURIBOR plus 3 25%

In September 2024, when the Group repaid £175 million of Term Loan A, the existing €300 million Cross Currency swap was partially closed and reduced to €212 million The swap was subsequently rolled on the same terms as the existing swap and now expires in October 2026

The value of derivative financial instruments at 1 January 2026 was a liability of £3,197,000 (2024 liability of £9,227,000)

)ocusign Envelope ID EE659C5A-3C02-8CD4-80EE-136193247923

Guarantees

Bank loans are secured by cross guarantees given by

- Pret Holding 2 Ltd,
- Pret A Manger Limited,
- Pret A Manger (Europe) Limited,
- Pret A Manger (Hong Kong) Limited,
- Pret A Manger (USA) Limited, and
- Pret A Manger (International) Limited
